976 square feet

Visualize a spacious two bedroom plus loft cottage with vaulted ceilings and an open floor plan and you've just entered El Santa Fe. Enter the foyer and step onto elegant laminate flooring that extends through the dining room and living room. Vaulted ceilings and large picture windows in the dining room and living room invite the flourishing natural environment into your cottage, while the deck welcomes you to relax and enjoy the breathtaking vista that surrounds the resort. You'll appreciate the gourmet kitchen with a perfect spot for bar stools and a casual eating space for that quick bite before leaving for the day's activities. Carpeting in the bedrooms creates a cozy feel and two full bathrooms means no one will be left waiting to clean up after a day at the beach. The additional loft area provides the perfect hideaway for the kids to watch a movie after a fun-filled day. The convenient stacker washer and dryer is just another example of the attention to detail that went into designing this cottage. Simply put: El Santa Fe offers resort vacationing at its finest.
